

DEATH SHIPS

Seeds of Devastation

Death Ships set sail from the great landlocked state of Iowa, where they blend musical elements of rock, folk, country, and pop. Named after a nautical obsession, many compare this Iowa City band's sounds to that of The Shins, Wilco, and Iron and Wine.

Praise for Death Ships

- **Unsigned Band of the Month** - Why you should know them: Because their as-yet-unreleased debut, "Seeds of Devastation," is itching to be your soundtrack for watching leaves change color later this year. - **Alternative Press - May 2006**
- Debuted **Number One** on University of Iowa's KRUI.
- Everyone goes through their phases of different addictions... Over the past month, that **addiction** has been with two songs from one band: Death Ships. - **I guess I'm Floating Music Blog - March 2006**
- ... the **breakout star** of the recent Deep Elm Records compilation, "This is Indie Rock." - **Quad City Times - June 2005**
